Expression Of Interest (EOI) to apply for entry into SCIE3011 in 2018

Entry into SCIE3011, the 2nd year course in the ASPinS program, is highly competitive. To be considered for a place, all interested students must submit their EOI by email to A/Prof Sandie Degnan (course coordinator; s.degnan@uq.edu.au) by 5.00 pm on Friday 1st December 2017.

Your EOI will be considered alongside your semester 2 grades, once these are released in the first week of December. From there, the schedule for selecting and notifying students will be as follows:

1. Students that submit a strong EOI, but have not completed SCIE2011, may be contacted for an interview, to be held during early December; please add a note to your EOI if you are a non-SCIE2011 student and will NOT be available for interview during that week, so that we can make alternative arrangements.

2. Students that have completed SCIE2011 will not be required to interview, but will be selected solely on the basis of their EOI, and most especially on the rationale they provide. Please note that completion of SCIE2011 does not guarantee acceptance into SCIE3011.

3. All students will be notified of the outcome of their application by midnight on Friday 15th December 2017, or earlier if possible. Students that are offered a place will then be asked to formally accept or decline that offer.

Please complete all of the fields below and submit your completed document as indicated above.

Your name:

Your student number:

Your preferred email address for UQ correspondence:

In what degree/s are you enrolled?:

Have you completed SCIE2011 (yes or no)?:

Your current cumulative GPA:

In which school/s or institute/s are you most interested in conducting research (list up to three):

If you already have earmarked a project supervisor, please tell us here, but note that you do NOT need to have formally secured a supervisor at the time of EOI submission:

A short (~1/2 page) rationale of why you would like to do this course and what you would hope to get out of it:
